WHO WE ARE

INNOVA MINING

Chilean company, with operations since 2012, whose main mission is to add value to its management by designing innovative solutions to industrial and mining problems, based on state-of-the-art technology in the world market, added to the supply of equipment / supplies and inputs of the highest quality.

OUR MISSION

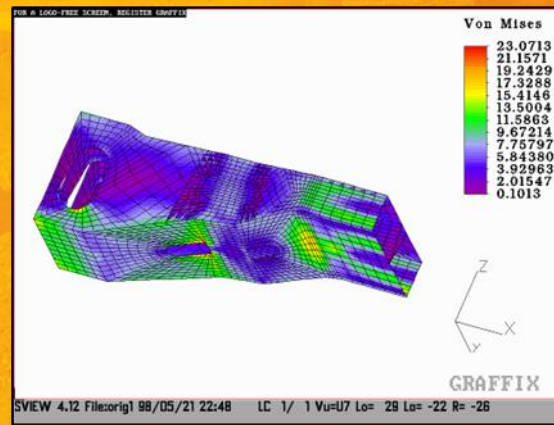

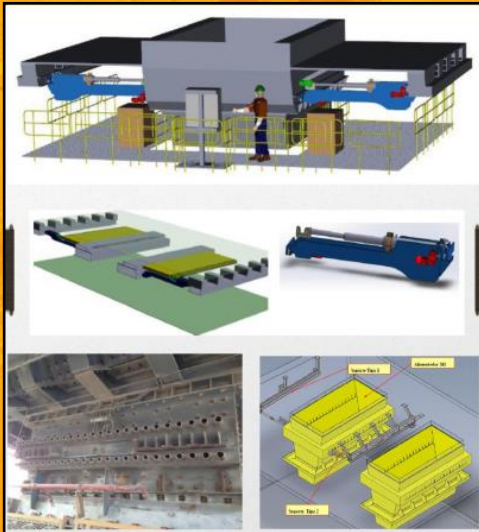

- Optimize industrial processes by adding value through existing technology, thereby seeking to reduce KPIs, in metallic and non-metallic mining operations.
- Offer our clients quality services through professionals with proven experience and skills/capabilities that ultimately achieve long-term relationships.
- Present technological solutions to equipment and supplies to the operation, and achieve operational reliability.
- Design, plan, supply, optimize, permanently in all stages of our commercial relationship the knowledge acquired, so that based on the needs of our clients, the comprehensive solution presented is of full immediate and future satisfaction.
- Use only source materials and proven quality.
- Prioritize the supply and manufacture of industrial solutions close to the operations of our clients, reducing the delivery times of equipment, supplies.

COMMITMENT

- **QUALITY:** We develop an action plan aimed at improving our organization (strategy, processes, resources, alliances), relationships with customers and suppliers, the way we relate to each other (leadership, teamwork) and the analysis of compliance with the objectives.
- **ENVIRONMENT:** In Chile we consider respect and protection of the environment as a priority objective. For this reason, we act to reduce negative impacts on the environment.
- **PEOPLE:** We are truly convinced that the great competitive advantage is having quality human capital, personal and professional.

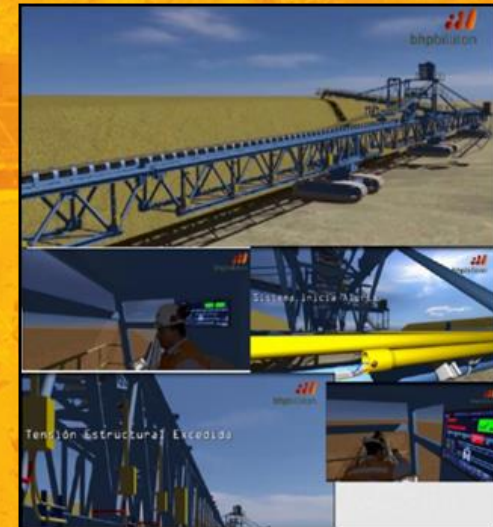

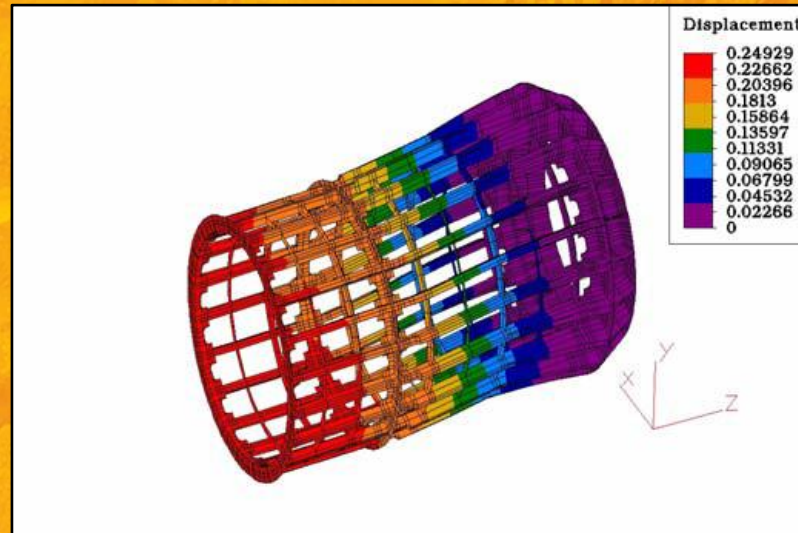

SERVICES

- Engineering, studies, analysis and improvement proposals for processes and equipment.

FACILITIES

INNOVA
MINING

MACHINE AREA & TOOLS

➤ EQUIPMENT & WORKSHOP

➤ Machining area.

- ✓ Cutting table.
- ✓ Vertical and horizontal lathes.

➤ Assembly area

- ✓ Welding machines.
- ✓ Angle grinders.
- ✓ Thermos.
- ✓ Lever and cable keys.
- ✓ Work tables.

➤ OPERATIONAL SUPPORT TEAM

- ✓ 1 Forklift 2,5 ton – 6 ton
- ✓ 1 Light Truck.
- ✓ 1 Heavy truck.

MAIN CLIENTS

- AMSA.
- CODELCO.
- BHP BILLITON.
- KGHM-SUMITOMO METAL MINING, Sierra Gorda SCM.
- MINERA CENTINELA.
